School Lunch Plans

Updated - March 16, 2020 – 2:00

Dear Parents and Guardians of District 115 Students,

Whiteside School District is currently planning to provide a sack lunch which will also include breakfast each day for students per a USDA wavier through the district's food service provider. Lunches will be provided to students from ages 3 – 18 per the guidelines set up in the wavier. District 115 will be distributing lunches through two different methods.

The first method will be a drive through line at both schools. Parents will be able to access the drive through line at either school location. We are asking to have students present when the lunch is provided per the wavier.

The second method will be similar to our Sacks of Summer program via remote delivery. This is where volunteers from our local churches pick up lunches at the school, and then deliver them to the noted locations throughout the district. We are planning on keeping the same schedule of times as we did during the summer months. A schedule will be included with this letter.

We will re-evaluate the stops and the access plan as the closure continues in attempt to provide as many lunches as possible. Please understand that we ordered a limited number of sacks based on our Sacks of Summer program and will be adjusting these numbers based on district demand. You may call either building office with questions regarding the program.

Lunch Details:

- Remote delivery – These routes will leave the school each day approximately at 12:15.
 - See Delivery Schedule for Locations
- Sack Lunch Pick Up – The pick-up lines will be open starting at 12:30 and stay open until 1:30 or until the sacks are gone.

Respectfully, -

Mark Heuring
Superintendent

LUNCH DELIVERY SCHEDULE
