**You’re still good! All students eat all meals @ no cost through the end of this school year**

As of now, we anticipate returning to our pre-pandemic operations next fall. Please see the other page for more detail, and we will keep our families informed as plans are finalized for the 2022-2023 school year. Thanks for your patience and, for now, keep enjoying those free meals!

**Nutrition 101**

Broccoli is an excellent source of vitamin C and beta carotene, both of which can help fight cancer. Frozen broccoli actually has more beta carotene (but less vitamin C) than fresh. Steaming fresh broccoli is the best way to retain nutrients and avoid the “too strong” flavor that results from overcooking.

A quick bite for parents
