-Deli Sandwich  
Steamed Broccoli  
Chilled Peaches  
Cold Milk

Thursday, May 23

**Breakfast**

French Toast Sticks & Syrup

**No Lunch**

Early Dismissal

# Sugar adds up!

On average, we should eat fewer than 12 teaspoons (about 50g) of added sugar a day. Six teaspoons or fewer is even better. The puzzle below can help you see if you're eating too much sugar for your own good -- but remember to check the nutrition labels, because added sugar (in many different disguises!) is contained in a lot of processed foods that we don't even think of as sweet!

**Fit the names of the added sugar sources into the crossword puzzle.**

- Soda** 10 teaspoons added sugar
- Milk Shake** 25 teaspoons
- Candy** (1 package) 5-10 teaspoons
- Fruit Drink** 4-8 teaspoons
- Ice Cream** 10 teaspoons
- Cookies** 2-8 teaspoons
- Frosted Cereal** 3 teaspoons
- Pastry** 3-12 teaspoons

These figures are averages and are for added sugar only -- some sugar occurs naturally in unprocessed foods like whole fruits and vegetables.

# HAVE A GREAT SUMMER!

Thanks for eating with us this year.  
We look forward to seeing you  
when school starts up again!

### IF YOUR CHILD NEEDS SUMMER FOOD

The Summer Food Service Program (SFSP) and Seamless Summer Option (SSO) are federal nutrition programs that provide free and nutritious meals to children 18 years old and younger. The summer nutrition programs are sponsored by the United States Department of Agriculture and administered by the Illinois State Board of Education. The Illinois Hunger Coalition's Hunger Hotline (1-800-359-2163) serves as the statewide phone number for families to call to find a Summer Meals site near them.
